

DuPont Safety & Construction Invests Over \$400 Million to Increase Tyvek® Capacity Growing Global Demand for Product Innovations Key Driver for Expansion

WILMINGTON, Del., June 4, 2018 – DuPont Safety & Construction, a business unit of DowDuPont Specialty Products Division, today announced plans to invest more than \$400 million to expand capacity for the manufacture of Tyvek® nonwoven materials at its facility in Luxembourg. The production expansion, which will add a new building and third operating line at the site, is scheduled to start up in 2021.

“Global demand for DuPont™ Tyvek® continues to grow worldwide in all of our key end-use markets,” said Rose Lee, president – DuPont Safety & Construction. “This capacity expansion plan is a critical step in growing the Tyvek® business, maintaining our leadership in nonwoven materials, and delivering the innovation customers expect from DuPont.”

According to industry estimates, the global segments for potential Tyvek® use total several billion dollars.

A world leader in nonwoven technology, in 2017 DuPont celebrated the [50th anniversary of DuPont™ Tyvek®](#), a unique nonwoven material made of 100 percent high-density polyethylene that has enabled new dimensions of protection, security and safety in a wide variety of industries and applications. Core segments include:

- [Building envelope solutions](#), such as Tyvek® HomeWrap®, Tyvek® CommercialWrap®, DuPont™ Flashing Systems and Tyvek® Protec™ to create more comfortable, energy-efficient buildings with fewer chances for moisture damage caused by water buildup;
- [Tyvek® protective garments](#), which provide superior protection for workers in industrial and cleanroom applications and for first responders. Companies around the world use more than 200 million Tyvek® garments per year.
- [Tyvek® for medical packaging](#), widely used to help protect patients in healthcare settings. Since its introduction to the medical device industry more than 45 years ago, Tyvek® has been recognized as a standard of excellence for sterile device packaging.
- [Tyvek® for graphics and protective packaging](#), used in diversified, specialty applications, including cargo covers for pharmaceuticals and perishables, and as a substrate for envelopes, tags, labels, banners, wristbands, maps and artwork.

Tyvek® has had a tremendous impact across numerous industries, resulting in the creation of new categories of products, such as house wrap, which helped revolutionize home construction; setting new standards for personal protective apparel; enabling advancements in

medical device technology; and playing an important role in many other applications. DuPont, along with its customers, continue to develop new Tyvek® products and applications to meet evolving marketplace needs. Designers of consumer products for lighting and fashion accessories and apparel are increasingly demanding Tyvek® for their products because of its lightweight durability and texture.

For Greater Good™ is the promise of the [DuPont™ Tyvek® brand](#). Tyvek® can provide the trusted protective barrier people need so they can worry less and focus on accomplishing bigger things – making the greater good possible. Photos of Tyvek® applications may be downloaded from the [Tyvek® Media Center](#).

About DuPont Safety & Construction

DuPont Safety & Construction, a business unit of DowDuPont Specialty Products Division, is a global leader in products and solutions that protect what matters – people, structures and the environment – and enables its customers to win through unique capabilities, global scale and iconic brands including Corian®, Kevlar®, Nomex®, Tyvek®, Styrofoam™ and Filmtec®.

About DowDuPont Specialty Products Division

DowDuPont Specialty Products, a division of DowDuPont (NYSE: DWDP), is a global innovation leader with technology-based materials, ingredients and solutions that help transform industries and everyday life. Our employees apply diverse science and expertise to help customers advance their best ideas and deliver essential innovations in key markets including electronics, transportation, building and construction, health and wellness, food and worker safety. DowDuPont intends to separate the Specialty Products Division into an independent, publicly traded company. More information can be found www.dow-dupont.com.

About DowDuPont™

DowDuPont (NYSE: DWDP) is a holding company comprised of The Dow Chemical Company and DuPont with the intent to form strong, independent, publicly traded companies in agriculture, materials science and specialty products sectors that will lead their respective industries through productive, science-based innovation to meet the needs of customers and help solve global challenges. For more information, please visit us at www.dow-dupont.com.

Cautionary Statement About Forward-Looking Statements

This communication contains “forward-looking statements” within the meaning of the federal securities laws, including Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. In this context, forward-looking statements often address expected future business and financial performance and financial condition, and often contain words such as “expect,” “anticipate,” “intend,” “plan,” “believe,” “seek,” “see,” “will,” “would,” “target,” similar expressions, and variations or negatives of these words.

On December 11, 2015, The Dow Chemical Company (“Dow”) and E. I. du Pont de Nemours and Company (“DuPont”) announced entry into an Agreement and Plan of Merger, as amended on March 31, 2017, (the “Merger Agreement”) under which the companies would combine in an all-stock merger of equals transaction (the “Merger Transaction”). Effective August 31, 2017, the Merger Transaction was completed and each of Dow and DuPont became subsidiaries of DowDuPont Inc. (“DowDuPont”). For more information, please see each of DowDuPont’s, Dow’s and DuPont’s latest annual, quarterly and current reports on Forms 10-K, 10-Q and 8-K, as the case may be, and the joint proxy statement/prospectus included in the registration statement on Form S-4 filed by DowDuPont with the SEC on March 1, 2016 (File No. 333-209869), as last amended on June 7, 2016, and declared effective by the SEC on June 9, 2016 (the “Registration Statement”) in connection with the Merger Transaction.

Forward-looking statements by their nature address matters that are, to different degrees, uncertain, including the intended separation of DowDuPont’s agriculture, materials science and specialty products businesses in one or more tax efficient transactions on anticipated terms (the “Intended Business Separations”). Forward-looking statements are not guarantees of future performance and are based on certain assumptions and expectations of future events which may not be realized. Forward-looking statements also involve risks and uncertainties, many of which are beyond the company’s control. Some of the important factors that could cause DowDuPont’s, Dow’s or DuPont’s actual results to differ materially from those projected in any such forward-looking statements include, but are not limited to: (i) successful integration of the respective agriculture, materials science and specialty products businesses of Dow and DuPont, including anticipated tax treatment, unforeseen liabilities, future capital expenditures, revenues, expenses, earnings, productivity actions, economic performance, indebtedness,

financial condition, losses, future prospects, business and management strategies for the management, expansion and growth of the combined operations; (ii) impact of the divestitures required as a condition to consummation of the Merger Transaction as well as other conditional commitments; (iii) achievement of the anticipated synergies by DowDuPont's agriculture, materials science and specialty products businesses; (iv) risks associated with the Intended Business Separations, including those that may result from the comprehensive portfolio review undertaken by the DowDuPont board, changes and timing, including a number of conditions which could delay, prevent or otherwise adversely affect the proposed transactions, including possible issues or delays in obtaining required regulatory approvals or clearances related to the Intended Business Separations, disruptions in the financial markets or other potential barriers; (v) the risk that disruptions from the Intended Business Separations will harm DowDuPont's business (either directly or as conducted by and through Dow or DuPont), including current plans and operations; (vi) the ability to retain and hire key personnel; (vii) potential adverse reactions or changes to business relationships resulting from the completion of the merger or the Intended Business Separations; (viii) uncertainty as to the long-term value of DowDuPont common stock; (ix) continued availability of capital and financing and rating agency actions; (x) legislative, regulatory and economic developments; (xi) potential business uncertainty, including changes to existing business relationships, during the pendency of the Intended Business Separations that could affect the company's financial performance and (xii) unpredictability and severity of catastrophic events, including, but not limited to, acts of terrorism or outbreak of war or hostilities, as well as management's response to any of the aforementioned factors. These risks, as well as other risks associated with the merger and the Intended Business Separations, are more fully discussed in (1) the Registration Statement and (2) the current, quarterly and annual reports filed with the SEC by DowDuPont and to the extent incorporated by reference into the Registration Statement, by Dow and DuPont. While the list of factors presented here is, and the list of factors presented in the Registration Statement are, considered representative, no such list should be considered to be a complete statement of all potential risks and uncertainties. Unlisted factors may present significant additional obstacles to the realization of forward-looking statements. Consequences of material differences in results as compared with those anticipated in the forward-looking statements could include, among other things, business disruption, operational problems, financial loss, legal liability to third parties and similar risks, any of which could have a material adverse effect on DowDuPont's, Dow's or DuPont's consolidated financial condition, results of operations, credit rating or liquidity. None of DowDuPont, Dow or DuPont assumes any obligation to publicly provide revisions or updates to any forward-looking statements whether as a result of new information, future developments or otherwise, should circumstances change, except as otherwise required by securities and other applicable laws.
